Tuesday, July 2nd, 2019

6 PM – 7 PM

**Youville Centre Gymnasium
(150 Mann Avenue)**

The owner wishes to develop a single-detached dwelling on the property as a personal residence. The proposal requires permission from the Committee of Adjustment for relief from certain zoning by-law provisions.

The original hearing on this proposal was recently adjourned to provide additional time to discuss the design in relation to the proposed city-lead roadworks at the corner of Mann Avenue and Range Road as well as to allow for community consultation.

This information meeting is being held to share details on the proposed development with interested community members.
